

1 O que é

Sistema de expulsor automático e embutido para portas sem puxadores.

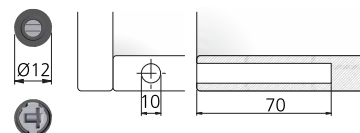

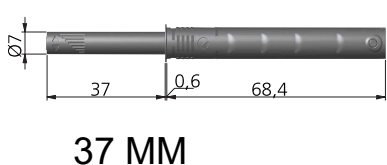

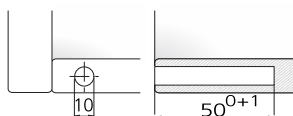

- Silencioso e aprovado no mercado mundial de indústria moveleira pela durabilidade e força superior.
- Embutido - linha completa: curto, longo, com imã, com borracha, standard ou extra forte.
- Cabeça do expulsor rotativo para ajustar a folga.
- Visual limpo, na cor cinza clara e antracite.
